

You're invited to join 2 days of the IBM® Maximo Annual Conference 2014.

Sydney: 9–10 September

The ultimate in innovations, demonstrations and knowledge.

The most progressive organisations today are transitioning to smarter, flexible infrastructures. They are transforming the way they manage their assets and facilities via innovative technologies.

Now's your chance to learn about the cutting edge of enterprise asset management.

This is your invitation to IMAC 2014 (IBM Maximo Annual Conference 2014) – a premier event for enterprise asset management professionals.

During this 2-day conference you'll have the chance to explore these new technologies. You'll see first-hand how they can help achieve higher asset and property performance. Plus you'll see the solutions in action.

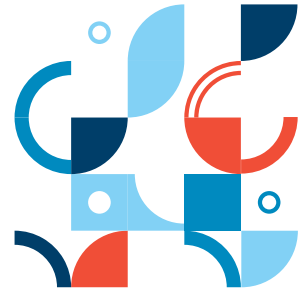

The highlight will be the keynote **“Smarter Infrastructure Trends, Future Direction and Roadmap”** delivered by Kim Woodbury, Maximo Product Management.

IMAC 2014 highlights:

- Trends and future direction from the global solution leaders
- Deeper insights with new reporting & analytical solutions
- Mobile workforce and enterprise-wide mobilisation
- HS&E solutions and use cases
- Real-world best practice sharing
- Learn about the latest in the industry
- Network with 200 industry professionals
- Access 50 FREE certification tests – save \$250

Date: 9–10 September

Venue: Novotel Sydney Central,
179 Thomas Street, Haymarket
